The ChildFirst Mobile Software Solution

Putting the Children First!

LESS TIME ON PAPERWORK + **MORE TIME ON CASES** = ✓ **BETTER OUTCOME!**
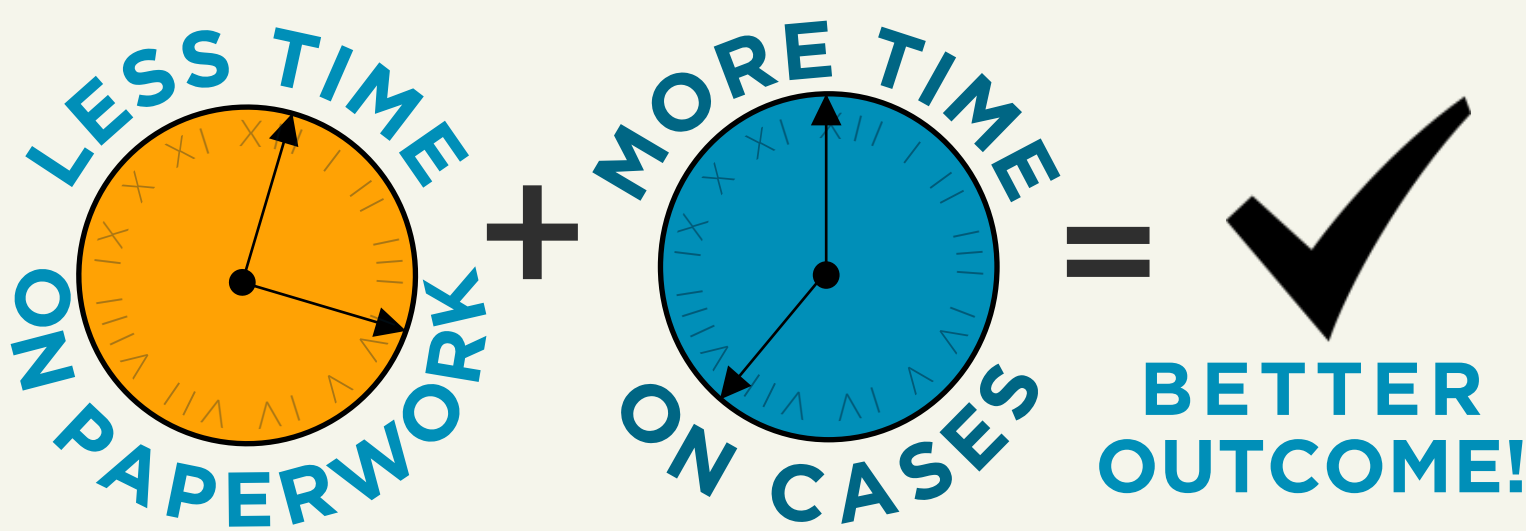

EASILY COMPLETE REPORTS
Your exact forms can be replicated or customized for mobile use. You can also use the voice-to-text feature instead of handwriting notes.

ELIMINATE MANUAL PAPERWORK
Save time by using autofill for entering redundant information.

REDUCE ADMINISTRATIVE BURDEN
Enable faster response time that is critical in child welfare cases for caseworkers.

SIMPLE AND EASY TO USE
User-friendly interface minimizes training for the user and your IT staff.

INCREASED SECURITY

The ChildFirst Solutions uses AES-256 encryption, the most secure level available to protect case information.
