

OSCR360 developed by:

OSCR360

REVOLUTIONIZE CRIME & CRASH INVESTIGATIONS & PRESENTATION

What is OSCR360?

Start organizing your case before your first 360 degree spherical image is taken. Create a project (this will be your case/CR number) with the OSCR360 capture kit to document your crime scene. Supporting crime scene evidence can be added to each project/case. Case organization is maintained from capture to presentation. Built from your voice, countless hours have been spent collaborating with Law Enforcement and Prosecutors. Every feature in the OSCR software came from your feedback and was developed with your budget challenges in mind.

Pave the Path to Justice

Inspired by a juror's experience, the OSCR360 solution becomes a container to organize, connect and preserve your digital evidence forever. Gain depth, perspective, and a greater understanding of your case with the ability to provide a virtual crime scene walkthrough.

OSCR360 Software

OSCR360 Capture Kit

OSCR360

REVOLUTIONIZE CRIME & CRASH INVESTIGATIONS & PRESENTATION

OSCR360 CAPTURE KIT - No Training Required

Purpose Built & Priced to fit your Budget

OSCR360 is an economical solution developed with your budget challenges in mind. Built from your voice, countless hours were spent collaborating with Law Enforcement and Prosecutors.

Quick and Easy Capture

Take 360 degree photos in just 3 easy steps with on-screen instructions. No post production or training required.

Eliminate Scene Contamination

Instantly review your 360 degree photos of the scene and show command staff on the OSCAR tablet.

Reduce Your Time at the Scene

Capture an entire scene in under 20 minutes. Reduce the length of road closures and shorten the time officers and the community are exposed to danger.

Pack and Go!

Pack up your OSCAR360 capture kit, throw it in the back seat, you're ready to go.

OSCR360 CAMERA, SENSOR TUBE & TRIPOD

OSCR360 TABLET

WHERE HAS THE OSCAR360 BEEN USED?

- Pictures taken with an earlier version of our system were admitted in as evidence in a local Rochester case resulting in a 2nd Degree Murder Conviction in October 2016.
- OSCAR360 has also been used on 23+ cases/pleas

WHO IS USING OSCAR360?

- Yates County Sheriffs Office
- Monroe County Sheriffs Office
- Brighton Police Department
- New York State Department of Environmental Conservation
- Greece Police Department
- Monroe County District Attorney
- Seneca County

USER FEEDBACK

"OSCAR360 is a gift to crash reconstruction. It typically takes an average of 45 minutes to take still photos of a crash scene. With OSCAR360, I was able to capture everything I needed in 30 seconds. This equipment easily allows us to document a collision in a clear and concise manner & shows a true and accurate depiction of the crash and the environment."

- Charles Grasso III, Retired Sergeant, Expert Crash Reconstructionist

OSCR DESKTOP SOFTWARE

ORGANIZE + CAPTURE + CONTAIN + CONNECT = TRUTH

1 ORGANIZE

Organize your case by creating a project in the OSCR tablet. This will be your case/CR number. All related evidence is contained in this project.

2 CAPTURE KIT

Quickly set up and take 360 degree photos. Collect cardinal direction and GPS data with L-Tron's sensor tube.

3 CONTAIN

OSCR360 software acts as a container for your case information. Sync your 360s and add in digital evidence files.

4 CONNECT

Connect the dots. Use your 360 photos and digital evidence to organize and relate the visual evidence, suspects, victims, and more.

5 FIND TRUTH

Today's juries expect to see digital media. Deliver a virtual tour of your case and take the entire jury back to the scene as it was found. Justice served.

YOUR VOICE YOUR FEEDBACK

"This is a no-brainer. I can [virtually] walk through a crime scene with someone. I can take that into the courtroom and walk a jury through the scene. This is just so quick. The innovative side of it is a breath of fresh air. This takes care of some of your photography, overalls of the scene, and videography. Initially we were going to use it just on major cases, but when we saw the ease and the flow of the work and how it could be utilized, it opened the door so there was no reason not to use it for most anything..."

- Deputy Butler
Yates County Sheriffs Office

This Solution is Yours

All OSCR360 software features are and continue to be your ideas. This solution is easy to use, minimal training required. All software features are and continue to be your ideas.

OSCR360 Use Cases

OSCR360 is being used on 23+ active cases/pleas, has been admitted in court as evidence, used during closing arguments, and grand jury indictments.
